

# Zuurstofverbruik en verbrandingsprodukten van enkele brandstoffen

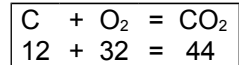

## moleculaire massa

C = koolstof = 12

O = zuurstof = 16

H = waterstof = 1

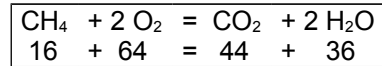

## verbranden van koolstof

in kilogrammen:

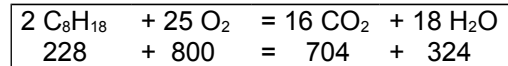

## verbranden van methaan

in kilogrammen:

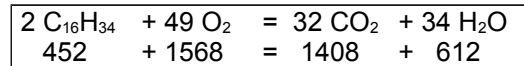

## verbranden van benzine

in kilogrammen

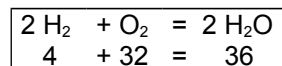

## verbranden van dieselolie

in kilogrammen

## verbranden van waterstof

in kilogrammen
